Tip top grill hoover alabama

Tip Top Grill is one of the most beautiful and most mountain views in the Birmingham area. With too much outdoor seating, it is the perfect place for breakfast or lunch. Using just a little imagination you can experience a short vacation during your visit. Tip Top Grill 588 Color Crest Road • 978-8677 Summer Hour: Monday-Saturday, 6:30 m-7:30 pm at a mountain park at a top of a rock, a small restaurant is serving one of the best ideas in the bridge, hot dogs and the. Despite this limited space, The Top Grill has become a local favorite in business over 10 years. The top-top grill is located in a former full service gas station which is built quite literally on the edge of a cliff. Restaurant salinity and classic grill e-foods such as a brush, sandwich and chilli cheese, but they steal this view. As they eat, customers can see the color valley and remote Red Mountain miles. You can't just re-create it. Anyone can cook a hot dog or a hemburger or chicken fingers, but we need to work with it, we feel like they attract a lot of people, said owner John Morris. Unique word that I can come up with. The grill attracts a regular crowd, especially in the morning. Morris sees the same group of garbage collectors every day at 6:30, followed by traders who get a cutting way to work around 9m. Around a dozen retired men from the area have also made their regular naishita spot to top the top grill. They can only get coffee or they can eat the food, but they are here every morning, Morris said. Morris himself was a regular customer before he bought the restaurant in March 2013. He decided to install his own business, APF, Corporate, which floored the Refanashas gym in schools across Jefferson and Sohaili County, and also wanted to try his hand at running a restaurant. I've been coming here for years as a customer and just loved it and knew that with a little bit of c- taelsy, it could be too much, Morris said. Although he has zero restaurant experience, Morris has made several changes to attract more business to the restaurant. The Top Grill Top Of The Top Is Now an active Facebook page with over 1,000 followers. During the busy summer month, Morris on Friday swells longtanus and restaurant hours in the local band until 7:30 pm so customers can enjoy the sunset with their meals. However, there are problems that come with the top grill e.g. the top of the top. The grill relies on outdoor seating, which means business drops on cold or rainy days. The small kitchen space also limits menu options, because large items like freezers can't fit and there is no room for expansion. Morris has many ideas he would like to implement, such as serving mistresses or wine, but his expenses are his reality There are too many. I have crazy ideas, but will he ever come for joy? I doubt it, Said Morris. So, we should be creative and not try everything to everyone, Just do what we do best . Instead of trying to make impossible changes, Morris focuses on customer feedback to improve everything the top grill can already offer. I love talking to people. I love knowing them, Morris said. They tell you what you're doing well, and sometimes they tell you you're not doing well. And we try to act many of them as we can. Please contact the business directly to verify hours and availability. I'm eating on this hole in the wall for years. I used to stop at least twice a week on the way to work every morning and for lunch. However, the present lunch staff seems to be some of the most crude, the most natest... People have faced a lot of time during the dining experience. I met my wife for lunch earlier this week, and the man with blonde hair had fully stood up to the counter and if she didn't want to be at all. From working on this girl's counter, the obvious lying perspiration from head to toe and I saw her hands anointed with her hand from the back of her hand to her hand, preparing for the dose of the person who was in the line behind us. The man was dirt under his ankles and also looked rather dirty. Two people seemed to be about to the kalla and it seemed to affect the attitude of two of them. I asked the man if Ralph was still working and he said no one in the Neris manner and when I asked him where he went. Compared to this it was usually done during earlier visit as it was extremely sub-equal to that of the same that the burger had been pre-cookad and we were sitting for some time before coming. I'm not sure who is in charge of recruitment to this place, but both of them were clearly a poor choice and my family and I will not be coming back to more than one friendly, the Baitharat group is preparing to eat back. Until this week I have not had a couple of months there because I have been very busy with work but the black guy who was working a few months ago and the man he was working for these two new employees compared to one night and day. I hope they feel it because there is such an easy barrier to lunch and dinner but some changes need to be made severe. More made. More
